**ARCHITECTURAL GUIDELINES
FOR
REDHAWK COMMUNITY ASSOCIATION**

I. PURPOSE

As set forth in the Declaration of Restrictions, the Architectural Committee is vested with the power to review and approve architectural proposals or plans for all residential Lots and Dwellings for Redhawk Community Association. Such improvements include, without limitation, painting, additions, modifications and alterations to residential Dwellings, signs, fences, walls, landscaping, screens, patios and patio covers, awnings, window treatments, air conditioning units and attic fans, and any other modifications to the exterior of a Dwelling or other improvements or alterations to your home or lot.

The Architectural Committee seeks to assure continuity in design, which will help preserve and improve the appearance of the Community.

The Architectural Committee shall consist of not less than three (3) members. Members of the Architectural Committee receive no compensation for services rendered other than reimbursement by the Association for any expenses that might be incurred in performing their duties. The Architectural Committee has the right to retain architects or other construction specialists as may be necessary to perform its duties.

Prior to the commencement of any addition, alteration or construction work of any type on any residential Lot or Dwelling in Redhawk Community Association, an owner must first make application to the Architectural Committee for approval of such work. Failure to obtain approval from the Architectural Committee prior to beginning work constitutes a violation of the Declaration of Restrictions and may require modification or removal of unauthorized work or improvements at owner's expense. In addition, a building permit or other permit may be required by the County of Riverside Building Department, or other governmental agencies prior to the commencement of any work. Neither the Architectural Committee, nor the Association assumes any responsibility for failure to obtain such permits. Also, obtaining such permits does not waive the Owner's obligation to obtain written Association approval.

Each residence, as a result of its location, enjoys a particular view; however, that view is not guaranteed nor protected. Future development of other property, construction of public facilities, and/or growth of trees or other vegetation may change, obstruct, impair or otherwise affect the view from a residence at any time. The governing instruments of the Redhawk Community Association do not contain any provisions intended to protect the current view from any residences or guarantee that such views will not be impaired or obstructed in the future by changes to other property.

These revised Guidelines shall have an effective date of November 1, 2001, supersede all prior versions and have retroactive application.

II. GUIDELINES

A. Submission Procedure and Requirements

1. All requests (“Requests”) for Architectural Committee approval are to be made on the standard Redhawk Home Improvement Form (Exhibit A).
2. Submission of Requests. All Requests are to be submitted to the Redhawk Architectural Committee, c/o Avalon Management, 29379 Rancho California Road, Suite 206, Temecula, California 92591.
3. Construction Drawings. Plans and specifications for the work of improvement must be prepared in accordance with the applicable building codes, and with sufficient clarity and completeness to enable the Architectural Committee to make an informed decision on your request.
4. Submission of Application or Improvements. Please forward three (3) sets of your proposed plans and specifications, together with the standard Redhawk Home Improvement Form (Exhibit A) and the Impacted Neighbor Statement (Exhibit B) along with the following information to the Architectural Committee to constitute a complete Application. Please mail this information to the address noted above in item #2. One (1) set will be returned to you after completion of the review. The following information constitutes a complete application package.
 - a. Plot plan drawn to scale showing the following:
 - i) All proposed improvements and relevant elevations, including existing or planned “slopes” together with the desired location of such improvements to dwelling and property lines.
 - ii) Complete dimensions of the proposed improvements.
 - iii) Public streets, with the names that are contiguous to the property.
 - b. Description of materials to be used, including the proposed color scheme and pattern. Material samples should be provided; color samples must be provided.
 - c. Grading plans (if applicable) must establish where the drainage pattern might be altered by the proposed improvements. Note: All grades and drains must comply with CC&Rs Section 9.2.12.
 - d. Floor plans (if applicable) showing overall dimensions and area of improvements reflecting your preliminary design concept.
 - e. Description of proposed construction schedule.
 - f. Landscape plan and working drawings (if applicable).
 - g. If proposed improvements require access over the Common or Community Areas or Community Facilities for purposes of transporting labor or materials, prior written permission shall be required from the Association. Any such requests must be filed with the Community Board prior to the commencement of your improvements.

- h. Any other information or documentation deemed to be necessary by the Architectural Committee in evaluating your request.

B. Failure to Comply with Required Procedures

An owner's failure to comply with the requirements and procedures set forth herein and in the CC&R's shall automatically cause the owner to toll the time period in which the Community Board and Architectural Committee have to act pending submission of further information and documentation to the Architectural Committee.

C. Construction Time Limits

Construction must be completed within the number of days indicated on the approval.

D. Appeal

If Plans submitted by an Owner are disapproved by the Architectural Committee, the party or parties making such submission may appeal in writing to the Community Board. The written request must be received by the Community Board not more than thirty (30) days following the final decision of the Architectural Committee. Within forty-five (45) days following receipt of the request for appeal, the Community Board shall render its written decision. The failure of the Community Board to render a decision within said forty-five (45) day period shall be deemed a decision in favor of the appellant.

E. Enforcement

Failure to obtain the necessary written approval from the Architectural Committee, or failure to complete the improvements in conformity with the plans, time limits and specifications approved by the Architectural Committee, constitutes a violation of the Declaration of Restrictions and may require modifications, removal of any work of improvement, at your expense, and/or monetary fines and legal costs. Pursuant to the provisions of the Declaration, the Board shall have the right to record against your home a Notice of Non-compliance which shall identify the reason(s) for such notice. If necessary, the County of Riverside will be contacted to assist in enforcement of this policy.

F. Violations

All Owners in Redhawk Community Association shall have the right and responsibility to bring to the attention of the Architectural Committee, any violations of the Standards set forth herein.

G. Notice of Completion

Upon completion of the work of improvement, the owner shall submit a written notice of completion (Exhibit C) to the Architectural Committee.

H. Preemption

These Architectural Guidelines and the Community Declaration shall preempt and supersede any inconsistent provision of any rules or restrictions of any Neighborhood Declaration or Neighborhood Rules which are in conflict with the provisions of these Architectural Guidelines or the Community Declaration. If the restrictions of any Neighborhood Declaration or Neighborhood Rules are more restrictive than these Architectural Guidelines or the Community

Declaration, there shall be no preemption unless the Community Board determines in its sole discretion that preemption is warranted under Article VII of the Declaration.

III. ARCHITECTURAL STANDARDS

A. Structural or Material Additions or Alterations.

Exteriors of any building shall conform to the material, colors, character and detailing as established on existing Lots and Dwellings within the respective Tract.

1. Structures in this section shall conform to the original structural character of the existing Dwelling.
2. No second-hand materials shall be used in the construction of any building or other structure without the prior written consent of the Architectural Committee.
3. Patio trellises, sun shades, arbors or gazebos, and all type of structures shall require approval by the Architectural Committee.
4. Structures under this section shall have either flat or shed roofs, or a form consistent with the existing roof line.
5. Structures under this section will be stained or painted to match or be complimentary with colors used on its appurtenant Dwelling.
6. In designing any addition, intrusion upon a neighbor's privacy, or the passage of light or air to a contiguous Lot or Dwelling, should be kept to a minimum. Aesthetic appearance as well as impact on a contiguous Lot(s) or dwelling(s) will be given consideration.
7. Hardscape, decorative lighting and landscaping are allowed on rear yard slopes. No (structural) improvements shall be allowed. (Structural) under this section shall mean extended decks, patio covers, gazebo's or any other covered structure. All slope improvements will be reviewed by the Architectural Committee on a case by case basis.
8. Applications for walls, fences or gates will be evaluated on an individual basis. No wall or fence extending toward the street shall exceed a maximum height of three (3) feet, beginning at a point parallel to the front of the house or garage. Please also see wall/fence painting policy.

B. Landscaping and Other Related Improvements

Each Owner shall install (unless landscaping is installed by the Merchant Builder) and thereafter maintain landscape in a clean, safe and attractive condition according to any rules promulgated by the Community Board. All portions of a Lot which are not within an enclosed fence or otherwise visible from any other Lot which are improved with a Dwelling or Structure, shall be landscaped by the Owner thereafter in accordance with the Community Association Rules promulgated by the Community Board on or before a date which is ninety (90) days from the original conveyance of such Lot by a Merchant Builder.

C. Perimeter Walls and Fences

Any perimeter walls or fencing situated on an Owner's Lot shall be repaired and maintained in good condition by the Owner of the Lot.

D. Water Supply Systems

No individual water supply, sewage disposal system, or water softener system shall be permitted on any Lot in the Properties unless such system is designed, located, constructed and equipped in accordance with the requirements, standards and recommendations of any water district serving the Properties, the Health Department for Riverside County, the Architectural Committee, and all other applicable governmental authorities.

E. Terrace Drains

If any drainage culverts or terrace drains are situated on an Owner's Lot, such Owner shall clean and maintain such terrace drains or drainage culverts so as to ensure that no debris obstructs the flow of water on the Owner's Lot or any other Lot through which the drainage culvert runs.

F. Drainage and Fill

There shall be no interference with the established drainage patterns over any Lot, Common Area or Community Facilities, unless an adequate alternative provision is made for proper drainage and is first approved in writing by the Architectural Committee.

G. Gutters and Downspouts

No gutters, downspouts or scuppers to control water shed from roofs shall be installed without prior approval of the Architectural Committee. Such improvements shall be primed and painted to match the surface color of its appurtenant dwelling.

H. Unightly Items

All weeds, rubbish, debris, unsightly materials or objects of any kind shall be regularly removed from the Lots and shall not be allowed to accumulate thereon. All clotheslines, refuse containers, wood piles, air conditioners, water softeners, storage areas, machinery and equipment shall be prohibited upon a Lot unless obscured from view of adjoining streets, lots, alleys, Community Common Area nearest such portion of the Lot from a height of six (6) feet or less and shall comply with any restrictions or standards promulgated by the Community Board or the Architectural Committee.

I. Utility Service

Utility lines shall be contained in conduits or cables constructed underground or concealed in, under or on buildings or other structures approved by the Architectural Committee.

J. Flag Poles

All flag pole installations must be approved in advance in writing by the Architectural Committee.

A permanent flag pole may be installed in the backyard no less than 10 feet set back from the rear property line and no less than 10 feet set back from the side property lines, or from a wall or fence, whichever is nearest to the house. Permanent backyard flag poles may be of metal,

aluminum or thick walled PVC material, to be no larger than 6 inches in diameter at the base and no higher than 20 feet above the ground.

A temporary (removable) flag pole may be installed in the front yard, no less than 20 feet set back from the street curb line and no less than 10 feet set back from the side property lines, or from a wall or fence, whichever is nearest to the house. Temporary (removable) front yard flag poles must be of thick walled PVC material, to be no larger than 3 inches in diameter and no higher than 20 feet above the ground.

Flag pole brackets installed on the front or rear of the house may display the American Flag and/or seasonal banners provided they are maintained in good condition, and are not unreasonably offensive in nature.

Only the American Flag may be displayed on either permanent or temporary (removable) flag poles.

K. Window Coverings

Only curtains, drapes, shutters or blinds may be installed as window covers. No aluminum foil, paint, newspaper or similar covering deemed to be inappropriate for a window covering by the Architectural Committee shall be applied to the windows or doors of any dwelling.

L. Awnings

Prior to the installation of awnings, plans for awnings must be submitted to the Architectural Committee for review and approval. Awnings must be of colors that compliment the existing house colors.

M. Temporary Structures

No trailer, mobile home, tent, shack or other outbuilding shall be kept upon any Lot, the Community Common Area or Neighborhood Common Area or in any street within the Redhawk Community, except in connection with work or construction diligently pursued.

N. Skylights and Other Solar Energy Equipment

The installation of rooftop structures or a system to accommodate solar energy equipment or skylights are not permitted without prior Architectural Committee approval.

O. Height of Trees, Hedges and Other Plant Material

All trees, hedges and other plant material shall be trimmed by the owner of the Lot upon which same are located so that the same shall appear well maintained. In the event of a dispute as to whether an item is considered well maintained, the final determination of the level of maintenance required will be rendered as a result of a site inspection by the Architectural Committee, and/or its appointed agent. Before a homeowner plants any trees, hedges or other plant material that may exceed the height of closest fence, the proposed location of such items shall be approved in writing by the Architectural Committee. For all builder planted slopes; the homeowner is to review with the builder, prior to the close of escrow on their home, and

approve the landscaping to be provided by the builder on their property and/or slopes adjacent to their property and the acceptability of same. Any discrepancy is to be handled between the builder and the homeowner.

P. Wrought Iron Fencing

Homeowners may install additional wrought iron fencing in certain instances with prior approval from the Architectural Committee. A sample paint chip, name of paint manufacturer, and color number must be submitted with the application. Wrought iron fencing or gates may not be installed facing the front of the Lot, except in front entry courtyards.

Q. Antenna

The Federal Communications Commission, effective May 25, 2001 extended its satellite dish/antenna rule to cover antennas with a diameter of one meter or less that receive and transmit “fixed wireless signals”. Under the rule, “fixed wireless signals” are commercial, non-broadcast communications signals transmitted by wireless technology to or from a fixed customer location. For instance, wireless signals used to provide telephone service or high speed Internet service are “fixed wireless signals”. The FCC rule restricting the ability of community associations to control the placement of certain antennas and satellite dishes will now apply not only to antennas designed to receive broadcast signals (like satellite dishes), but also to wireless telephone and Internet antennas as well. Generally, the FCC rules prohibit any restrictions against the placement of antennas covered by the rule on exclusive use common area, or on a homeowner’s separate interest, if the restriction would prevent the reception of an acceptable quality signal or impose unreasonable expense or delay.

No other type of exterior antenna will be permitted to be installed within any portion of Redhawk.

R. Satellite Dish Policy and Procedures

1. Satellite dishes of one (1) meter (39.37 inches) or less in diameter, and other communication-receiving antennae or devices covered by the Federal Telecommunications Act of 1996 (the “Act”) (collectively referred to in this policy as “qualified satellite receiver”), may be installed in the Owner’s Lot as provided in this policy. Satellite dishes larger than one (1) meter (39.37 inches) in diameter, and any other antenna not covered by the Act, are prohibited as provided in the Association’s governing documents.
2. Application to the Association shall not be required prior to installing a qualified satellite receiver.
3. No fee or deposit payable to the Association shall be required prior to installation of a qualified satellite receiver.
4. An Owner may install a qualified satellite receiver on the Owner’s Lot in a location necessary for the signal strength desired. If more than one location in the Lot will provide the requisite signal strength, the Owner must place his or her qualified satellite receiver in the location which will minimize the visual effect of the equipment on the Common Areas and other residents.
5. Owner shall keep the qualified satellite receiver in good repair and maintenance and not permit the antenna to become unsightly.

6. Qualified satellite receivers may not be installed on any part of the Community Common Area.
7. Owner shall indemnify and hold harmless the Association, and its agents, directors, officers, and employees, from any and all loss, claim, damage, injury, judgment, or cost, including attorney's fees and court costs, resulting from or arising out of Owner's installation, maintenance, or use of the qualified satellite receiver, to the extent that Owner's negligence in installation, maintenance, and/or use of the qualified satellite receiver caused or resulted in the loss, claim, damage, injury, judgment or cost, including attorney's fees and court costs being indemnified.
8. Nothing in this policy is intended to unreasonably increase the Owner's cost of installing a qualified satellite receiver, unreasonably delay the installation, or unreasonably decrease the reception of the signals received. Should any Owner believe that anything in this policy unreasonably affects the cost, delays installation, or decreases signal strength, the Owner is encouraged to contact any member of the Board to discuss and resolve the matter.
9. Nothing in this policy is to be interpreted as being in contravention of the Act regarding the installation, maintenance, and use of qualified satellite dishes. Should any portion of this policy be interpreted as contravening the Act, that section or sections shall be considered immediately modified to conform to the Act. Should it be impossible to modify the section or sections, that section or sections shall be deemed severable from the remainder of the policy, and shall be of no force and effect whatsoever.
10. Prior to, or simultaneously with, the installation of the qualified satellite receiver, the Owner of the Lot shall execute a copy of this policy and provide the signed copy to the Community Board, c/o Avalon Management to confirm indemnification.

S. Screen Doors

1. Any homeowner interested in installing a screen door onto the front door of their home must submit a written application to the Association prior to this work being started. The submittal should include a completed Homeowner Improvement (Exhibit A) form with plans, pictures, manufacturer brochures, samples of color or any other information that could assist the Architectural Committee in determining if the proposed screen door installation is consistent with existing architectural style and colors.
2. The allowable screen door materials are steel, plastic, extruded aluminum or wood only, including frames and any attached ornamentation.
3. The allowable screen door colors are white, black or stained wood or colors complementary with the trim or stucco so as to blend in. No screen door frames which are silver in color will be allowed. Final approval of the color shall be by the Architectural Committee.
4. Each submittal must include the style of the door that is requested for the Architectural Committee to review to determine if it is consistent with existing architectural styles.
5. Any ornamentation proposed must be shown within the submittal to the Architectural Committee. The ornamentation will be reviewed for its consistency with existing architectural styles. No doors of unusual ornamentation or color may be installed under any circumstances.

6. Any homeowner who proceeds with the installation of a screen door, without receiving prior approval from the Architectural Committee, shall remove the door if requested by the Architectural Committee at the full expense of the homeowner.
7. Homeowners installing screen doors are responsible to maintain them in an attractive condition.

T. Swimming Pools/Spas

The Architectural Committee must approve all swimming pools and spas. Sound dampening enclosures are required on all spa/pool equipment which have decibel readings in excess of 60 decibels at a distance of 3 feet.

U. Wall/Fence Painting and Construction Policy

1. **Approval Required.**

Architectural Committee approval is required for the staining, painting or weatherproofing of homeowner's wood fences or stucco walls.

2. **No Construction on Association Property.**

Owners shall not be permitted to construct any fences or walls upon any portion of a slope being maintained by the Association, or upon Association property.

3. **Wall/Fence Repair and Maintenance.**

The Perimeter Walls/Fences shall not be removed, re-located, reconstructed or modified as to structure, finish or color without the prior written consent of the Architectural Committee. Each Owner shall repair or reconstruct that portion of any damaged or destroyed Perimeter Wall/Fence that is contiguous to his residence to a condition approved by the Architectural Committee. If you move a gate or fence you need Architectural Committee approval. It is the policy of the Architectural Committee to encourage the replacement of wood fencing with approved tan vinyl fencing.

4. **Vinyl Fencing Specifications.**

Vinyl fencing may be constructed within Redhawk. However, architectural approval must still be obtained before the start of construction. The following specification is the preferred specification for the construction of vinyl fencing within Redhawk:

- a) Manufacturer: Maximum Vinyl
- b) Style & type: Tongue and Groove Privacy Fencing
- c) Color: Tan
- d) Height: Same as height of existing fence being replaced (normally 5 feet)
- e) Capping: External flat cap.

5. **Tan Color Requirement.**

Effective July 1, 2006, the Association is going to require that all current and future wood and vinyl fencing in Redhawk shall be tan in color. The required color shall be available at Dunn-Edwards and shall be called "Nomadic Taupe - DE6192." Prior Architectural approval is not required if you are going to repaint wood fencing with Nomadic Taupe – DE6192. A three (3) year grace period is going to be provided for this color transition. However, on or before July 1, 2009, Owners must have repainted all exterior front-facing fencing to "Nomadic Taupe –

DE6192,” or switched to approved tan vinyl fencing. Those owners that fail to comply on or before July 1, 2009, may be subject to discipline under the governing documents for the Association.

V. Miscellaneous

1. Grass only installed in the rear yard does not require plan approval.
2. Holiday lights are permitted without approval from Thanksgiving through January 31.
3. The installation of roll-up/sectional garage doors does not require approval.
4. The use of wire mesh or chicken wire, which exceeds 3 feet in height measured from the ground level is prohibited.
5. Tarps or fabric type materials over fencing to provide screening is not permitted. Homeowners are to provide other screening such as solid wood fencing or plant material which is to be approved by the Architectural Committee prior to installation.
6. Painting or staining of driveways is not permitted. The use of colorized concrete or brickwork on or in a driveway must be approved by the Architectural Committee.
7. The exterior painting of a home does not require approval provided there is no color change. Approval is required for any changes to the exterior color of a home. All exterior color change requests must conform with the home’s existing “tract” color scheme. Prior to commencing any painting please contact Avalon Management (699-2918) for a list of approved colors for your neighborhood.
8. Plans submitted and approved will only be valid for a period not exceeding the time stated on Notice of Application Approval.
9. No walls, fences, or gates shall be removed, re-located, or modified without prior written approval of the Architectural Committee.
10. Patio umbrellas, sunshades, and other temporary items not otherwise identified in the governing documents do not require approval provided they are maintained in good condition, and are not unreasonably offensive in nature.
11. Sheds may not exceed the height of the fence.

IV. **GENERAL CONDITIONS**

- A. Redhawk Community Association architectural approval does not constitute waiver of any requirements required by applicable governmental agencies, or by applicable Redhawk Neighborhood Associations. Architectural approval of plans does not constitute acceptance of any technical or engineering specifications, and Redhawk Community Association assumes no responsibility for such. The function of the Architectural Committee is to review submittals as to aesthetics. All technical and engineering matters are the responsibility of the Lot owner.
- B. An oversight of a Covenant, Condition or Restriction, these Guidelines, or a Committee policy does not constitute waiver of that rule and therefore, must be corrected upon notice.
- C. County of Riverside ordinances require homeowners to maintain correct grades of lots so that water drainage does not flow into adjoining properties or does not prevent off flow from same.

- D. Access for equipment used in construction must be through your property only. Access over Community Property will not be permitted without prior written approval from the Architectural Committee.
- E. Streets may not be obstructed with objects and building materials that are hazardous to pedestrians, vehicles, etc. Items such as, but not limited to, dumpsters, sand and building materials may not be stored on streets, sidewalks or Community Property. **Owners** are responsible for the cleanliness of the surrounding streets during and after any construction.
- F. Building permits may be required for certain improvements from the County of Riverside.
- G. Any damage to Redhawk Community Association Property arising out of or relating to construction of homeowner improvements shall be replaced or repaired by a contractor. All applicable charges for restoration will be charged back to the homeowner by Redhawk Community Association and are due and payable within 30 days from notification or assessment of penalties.
- H. Approval of plans is not authorization to proceed with improvements on any property other than the Lot owned by the applicant.
- I. Approved plans are not to be considered authorization to change the drainage plan as installed by the developer and approved by the County of Riverside.

NOTICE OF COMPLETION

Upon completion of any work for which approval has been given, the Owner shall submit written notice of completion (Exhibit C) to the Architectural Committee. Within sixty (60) days thereafter, a representative of the Committee may inspect such improvement. If such work was not done in substantial compliance with the approved plans, the owner will be notified in writing of such noncompliance within this sixty (60) day period and require the Owner to correct the matter within the time limit in the notice, not to exceed 30 days.

If the owner has failed to remedy the noncompliance, the Architectural Committee shall notify the Community Board of the Association in writing of such failure. After affording such owner notice and hearing, the Board shall determine whether there is a noncompliance of the CC&Rs and, if so, the nature thereof and the estimated cost of correcting or removing the same. If a noncompliance exists, the owner shall remedy or remove the same within a period of not more than forty-five (45) days from the date of announcement of the Board ruling of noncompliance. If the owner does not comply with the Board ruling within such period, the Board may levy an Enforcement Assessment against the Owner and/or may record a Notice of Noncompliance and/or commence a lawsuit for damages, injunctive relief, and/or declaratory relief.

VARIANCE

The Committee or Community Board may authorize variances from compliance with any architectural provisions contained in these Guidelines, including, without limitation, restrictions upon height, size, or placement of structures, or similar restrictions when circumstances such as topography, natural obstructions, hardship, aesthetic or environmental considerations may require such variances. The granting of a variance must be evidenced in writing, must be signed by a majority of the Architectural Committee and must be approved by the Community Board, or be signed by a majority of the Community Board.

Redhawk Community Association

Architectural Submission Procedure and Requirements

1. All requests (“Requests”) for Architectural Committee approval are to be made on the standard Redhawk Home Improvement Form (Exhibit A).
2. Submission of Requests. All Requests are to be submitted to the Redhawk Architectural Committee, c/o Avalon Management, 29379 Rancho California Road, Suite 206, Temecula, California 92591.
3. Construction Drawings. Plans and specifications for works of improvement must be prepared in accordance with the applicable building codes, and with sufficient clarity and completeness to enable the Architectural Committee to make an informed decision on your request.
4. Submission of Application or Improvements. Please forward three (3) sets of your proposed plans and specifications, together with the standard Redhawk Home Improvement Form (Exhibit A) and the Impacted Neighbor Statement (Exhibit B) along with the following information to the Architectural Committee to constitute a complete Application. Please mail this information to the address noted above in item #2. One (1) set will be returned to you after completion of the review. The following information constitutes a complete application package.
 - a. Plot plan drawn to scale showing the following:
 - iv) All proposed improvements and relevant elevations, including existing or planned “slopes” together with the desired location of such improvements to dwelling and property lines.
 - v) Complete dimensions of the proposed improvements.
 - vi) Public streets, with the names that are contiguous to the property.
 - b. Description of materials to be used, including the proposed color scheme and pattern. Material samples should be provided; color samples must be provided.
 - c. Grading plans (if applicable) must establish where the drainage pattern might be altered by the proposed improvements. Note: All grades and drains must comply with CC&Rs Section 9.2.12.
 - d. Floor plans (if applicable) showing overall dimensions and area of improvements reflecting your preliminary design concept.
 - e. Description of proposed construction schedule.
 - f. Landscape plan and working drawings (if applicable).
 - g. If proposed improvements require access over the Common or Community Areas or Community Facilities for purposes of transporting labor or materials, prior written permission shall be required from the Association. Any such requests must be filed with the Community Board prior to the commencement of your improvements.
 - h. Any other information or documentation deemed to be necessary by the Architectural Committee in evaluating your request.

IMPACTED NEIGHBOR STATEMENT

It is the intent of the Architectural Committee to notify neighbors on any improvements which may impact their use and enjoyment of their property. Neighbor approval or disapproval of a particular improvement shall only be advisory and shall not be binding in any way on the Architectural Committee's decision.

1. Definitions: Facing Neighbor, Adjacent Neighbor, and Impacted Neighbor.
Facing Neighbor: Means the three(3) homes most directly across the street.
Adjacent Neighbor: Means all homes with adjoining property lines to the Lot in question.
Impacted Neighbor: Means all homes in the immediate surrounding area which would be affected by the construction of any improvements.

2. Improvements Requiring Notification

Any exterior improvements including but NOT limited to exterior painting.

3. Statement

The Facing, Adjacent and Impacted Neighbor Notification Statement set forth on the next page (Exhibit "B") must be provided to the Architectural Committee to verify the neighbors have been notified about the proposed improvements.

Date _____		Date _____

Your Street - Front of Home

Facing Neighbor	Facing Neighbor	Facing Neighbor
Name _____	Name _____	Name _____
Address _____	Address _____	Address _____
Signature _____	Signature _____	Signature _____
Date _____	Date _____	Date _____

My neighbors have seen the plans I am submitting for Architectural Committee approval (see above verification). If any neighbor has a concern, they should notify Avalon Management in writing. Please note that neighbor objections do not in themselves cause denial of the plans, however, those concerns may be considered by Committee. All above boxes must be filled out whether or not a signature has been obtained.
